One free Fronius Smart Meter 63A-1 for every Fronius Primo 5.0-1 SC purchased between October 1 and December 31, 2018. Offer only valid for purchases through Fronius Authorised Sales Partners.
Terms and conditions apply.

/ The Fronius Primo 5.0-1 SC is the latest single phase inverter in the Fronius SnapINverter range, combining the best of the Primo 5.0-1 AUS and Primo 5.0-1 INT models. With a full 5000W AC output and 2 x 18A inputs, this latest model gives installers increased design flexibility and maximum STC realisation on a 5kW inverter. The Fronius Smart Meter is a bidirectional meter that, together with Fronius Solar.web, presents a clear overview of power consumption within the home.
